

KAJEET LTE-EMBEDDED CHROMEBOOKS

Connecting students to their classrooms during virtual learning.

The Kajeet LTE-embedded Chromebook ensures students can connect to their classroom anytime, anywhere on a durable, easy-to-use Chromebook. Provide students with an enhanced classroom experience with a **Chromebook built for education**, and ensure they can continue learning in a hybrid or virtual environment.

The Kajeet Chromebook Includes:

- ✓ Built-for-Education Chromebook
- ✓ On-the-Go Connectivity on Multiple Networks
- ✓ Drop-Proof and Durable Case
- ✓ Kajeet's Sentinel® Platform for Device and Data Management

WITH THE KAJEET SENTINEL® PLATFORM, YOU GET:

Web Filters. Includes customizable or out-of-the-box CIPA-compliant filters designed for K-12.

Multiple LTE Networks. Connects on all major North American wireless networks – choose the network(s) that works best in your area.

Device and Data Management. Manage devices, data allocations, filters, and access controls.

NEW CTL LTE-ENABLED CHROMEBOOKS ARE BACK IN STOCK!
